IDEA

Hio Golf is a mobile application designed to provide golfers with an immersive and competitive experience. It offers features that allow users to track their scores, connect with other golfers, and participate in various match formats.

CHALLENGE

The primary goal was to create an app that would enable golfers to compete against each other and showcase their golfing skills. They sought a platform that would provide a fun and engaging experience while also facilitating real-time scoring and social interactions.

SOLUTION

To address these challenges, we developed Hio Golf with the following key features:

- **Real-time Scoring:** The app provides accurate and up-to-date scoring capabilities, allowing golfers to track their performance throughout a round.
- **Caddy Selection with QR Code:** Hio Golf incorporates a QR code-based system for selecting caddies, streamlining the process and ensuring efficient service.
- **Individual and Multiplayer Match-ups:** The app offers a variety of match formats, including individual play and multiplayer competitions, catering to different preferences and playing styles.

12th	@marteeni Augusta National Golf Club	920.7

Use the username as a primary identifier in social features, such as following, messaging, and activity feeds.

Position

These positions are often determined based on points, scores, or timings depending on the nature of the competition.

Skill Points

Skill points in a match are numerical values awarded for performance, indicating a participant's skill level.

PURPOSE

The primary purpose of the project was to create a platform that would enable golfers to:

- **Compete with others:** The app offers various match formats, allowing users to challenge friends, family, or other golfers and showcase their skills.
- **Track their performance:** Hio Golf provides real-time scoring capabilities, enabling users to monitor their progress throughout a round and analyze their game.
- **Connect with other golfers:** The app fosters a community of golfers, allowing users to connect with like-minded individuals, share experiences, and find new playing partners.

APP UI

Hio Golf is visually appealing, user-friendly, and engaging mobile app that meets the needs of golfers and enhances their overall experience.

UI KIT

COLOR PALLETE

The color palette brings a refined yet impactful visual harmony to design. The **deep green** symbolizes positive actions or confirmations. The **muted gray** serves as a versatile neutral, providing balance and focus without overpowering other elements. Together, these colors create a dynamic, user-friendly experience with clear visual cues.
