

# MASOON MOBILE APP

Masoon is a comprehensive personal finance management application designed to empower individuals to take control of their finances. It offers a range of features to help users track their spending, set budgets, manage investments, and make informed financial decisions.

**Platform**  
Mobile

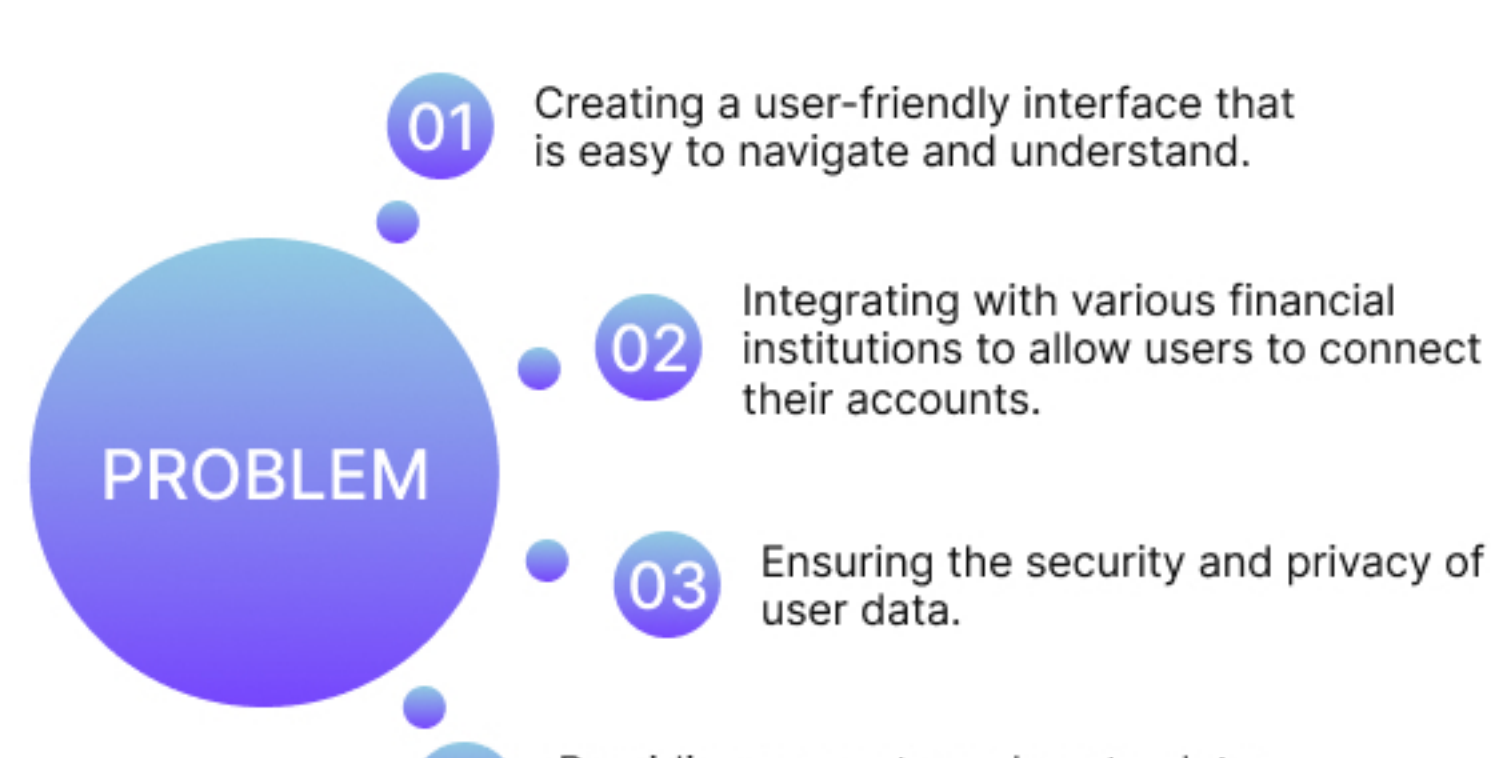

**Industry**  
Fintech

## Summary

Masoon is a user-friendly app that provides individuals with a clear overview of their financial situation. It allows users to track transactions, set budgets, pay bills, manage investments, and earn rewards through loyalty programs.

## Problem VS Solution

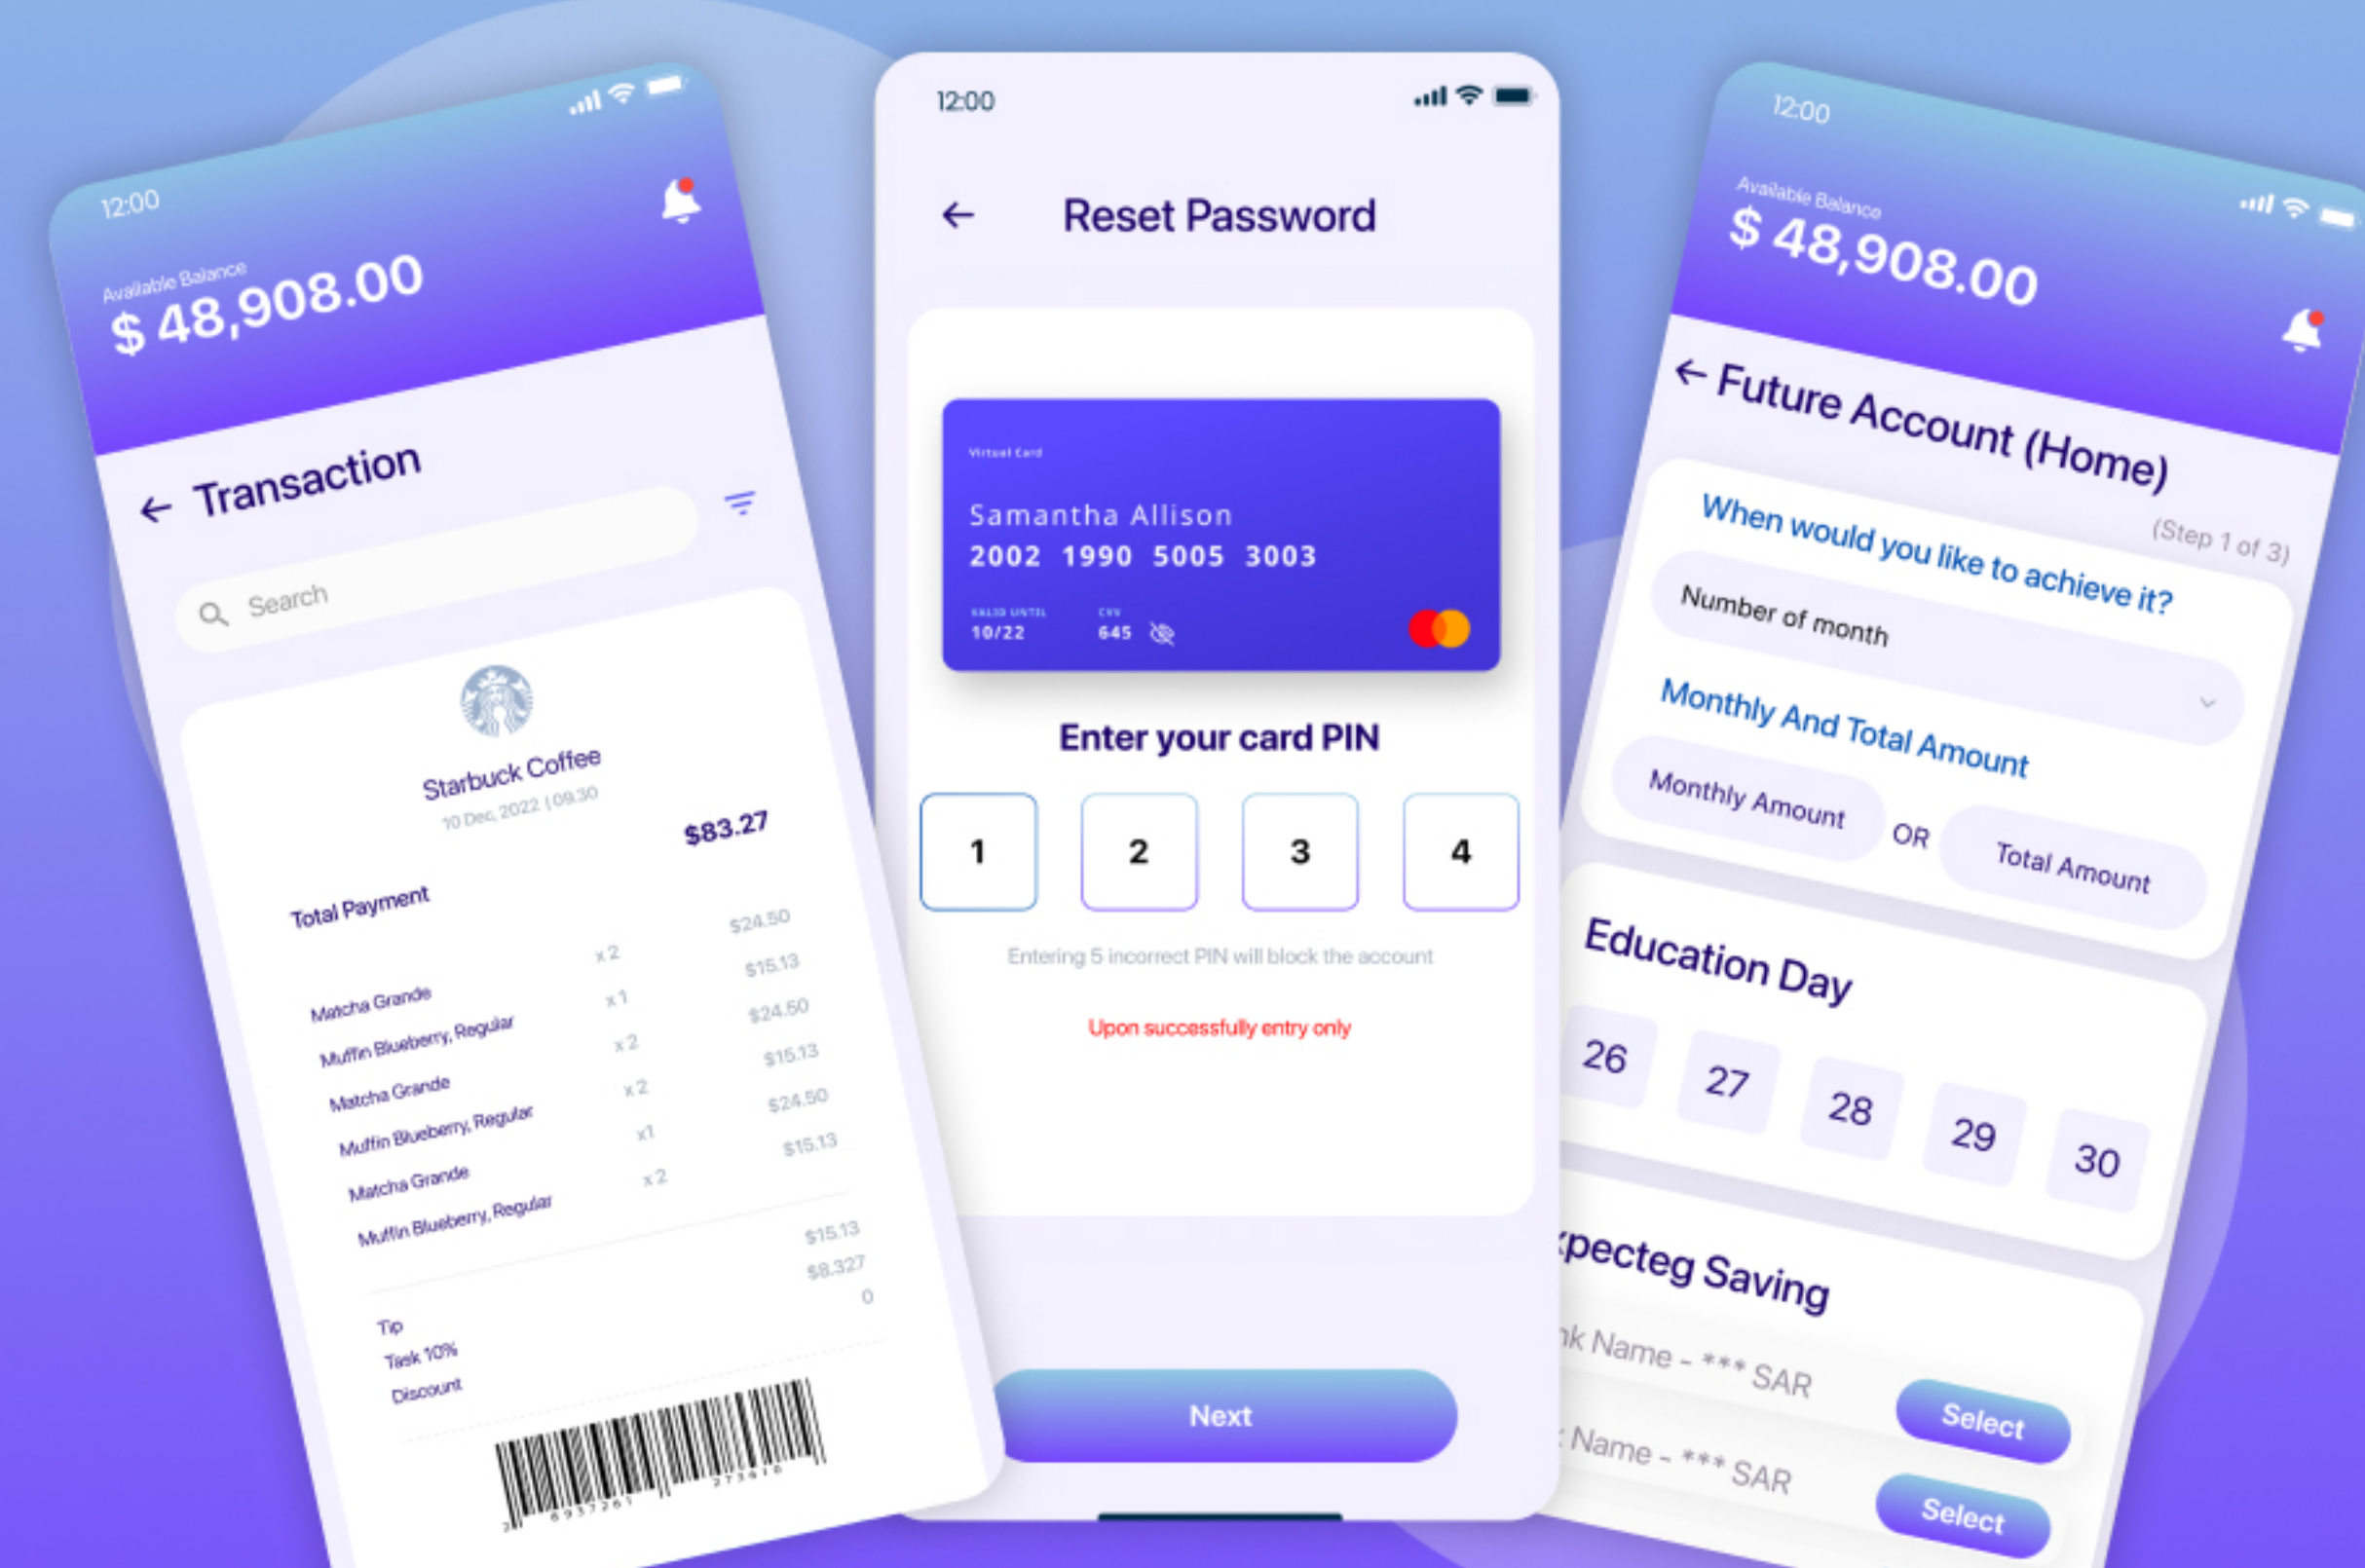

## Project Goals

- To provide individuals with a simple and effective way to manage their finances.
- To empower users to make informed financial decisions and achieve their financial goals.
- To create a user-friendly and intuitive platform that is easy to navigate.
- To promote financial literacy and education among users.

## Purpose

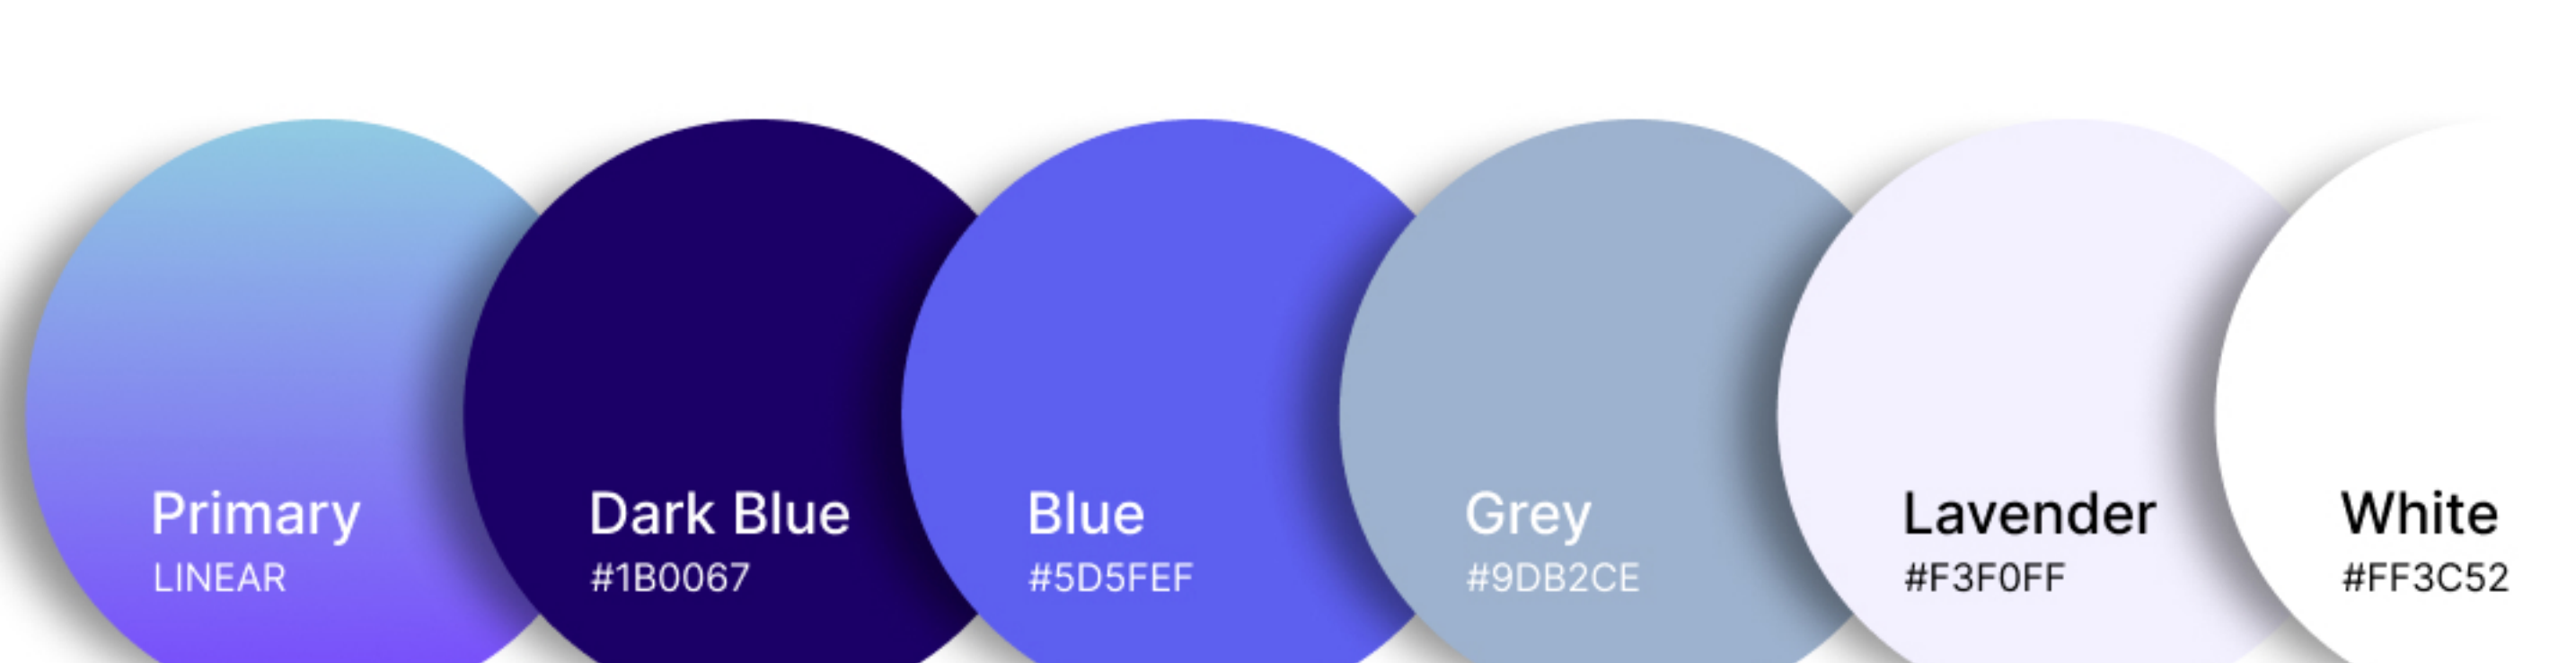

The purpose of Masoon is to help individuals improve their financial literacy and make better financial choices. By providing tools and resources to track spending, set budgets, and manage investments, Masoon aims to empower users to take control of their financial future.
